

# Singles Events

Events	Transplanted		Dialysis	
	Transplanted athletes will compete by gender in the following age groups:		Dialysis athletes will compete by gender in the following age groups:	
<ul style="list-style-type: none"> <li>• Athletics</li> <li>• Cycling</li> <li>• Swimming</li> </ul>	18-29 years	30-39 years	18-29 years	30-39 years
	40-49 years	50-59 years	40-49 years	50-59 years
	60-69 years	70years +	60-69 years	70years +

Exceptions:

## Dialysis athletes:

- If there are less than three entrants in one age category, that category will be joined with the dialysis category immediately below to try and form a category of 3 or more athletes.
- If this does not work, dialysis categories will be joined one by one until a category of 3 or more competitors is formed.
- If this does not work, the dialysis categories will be joined to their age matched categories in the Transplanted section.

## Transplanted Category:

- If there are less than three entrants in one age category, that category will be joined with the one immediately below and a competition will be formed for one set of medals whatever the number of competitors. The one exception is the 18-29 years age category which will join the 30-39 years age category if required.
- It is important to note that dialysis competitors may be required to join a transplanted category with only one set of medals offered.

Events	Transplanted		Dialysis	
	Transplanted athletes will compete by gender in the following age groups:		Dialysis athletes will compete by gender in the following age groups:	
<ul style="list-style-type: none"> <li>• Badminton</li> <li>• Mini Marathon</li> <li>• Summer Biathlon</li> <li>• Table Tennis</li> <li>• Tennis</li> </ul>	18-29 years	30-49 years	18-29 years	30-49 years
	50 and over		50 and over	

Exceptions:

In the event of there being sufficient entries to allow for single age categories (rather than combined age categories).

## Dialysis athletes:

- If there are less than three entrants in one age category, that category will be joined with the dialysis category immediately below to try and form a category of 3 or more athletes.
- If this does not work, dialysis categories will be joined one by one until a category of 3 or more competitors is formed.
- If this does not work, the dialysis categories will be joined to their age matched categories in the Transplanted section.

## Transplanted Category:

- If there are less than three entrants in one age category, that category will be joined with the one immediately below and a competition will be formed for one set of medals whatever the number of competitors. The one exception is the under 30 years age category which will join the 30-39 years age category if required.

- It is important to note that dialysis competitors may be required to join a transplanted category with only one set of medals offered.
